

HOMWORK FLOW CHART

Follow this chart to help you complete each homework assignment. Use the blank one on the next page for your assignments.

 **STOP**
what I am doing.

THINK 

What do I have to do to finish this assignment?
Finish all problems on page 39 correctly.

PLAN 

Break it into steps

- Step 1: Read the directions
- Step 2: Look at the operation sign
- Step 3: Do the problem
- Step 4: Check my work

MONITOR YOUR PROGRESS.

How long will it take me to finish?
About 25 minutes

- Reading directions: 5 mins
- Doing the work: 15 mins
- Checking the work: 5 mins

 Now **DO** the work.

SUCCEED!
Follow through to the last step.

EVALUATE.

- How long did it really take? 35 mins
- Did I follow all the directions? yes
- Did I check/ proofread? yes
- Did I check math facts? yes

Put the work in your folder where you put homework, and put the folder in your backpack, and **CHECK IT OFF!**
