

Reading is @h so Sweet!

One of the most important components of our Kindergarten reading program is YOU! In addition to daily practice of letters, letter sounds, sight words, or homelinks, we ask that you spend 10-15 minutes every evening reading to your child.

These nightly sessions are a great time to connect with your child about his/her day, enjoy some snuggle time, and watch your child develop into a reader!

Here's how you do it!

1. Create reading rituals and read together every day.
2. Snuggle up close with a book.
3. Talk about the pictures and ask questions.
4. Share many different kinds of books.
5. Read with expression and enthusiasm.
6. Read favorite books again and again.

readers are
made on the
laps of those
that love them!
